

Chairman's Report 2016

As ever, following Brian's comprehensive cross-country summation, Dick's detailed and precise track, field and combined events analysis, and Les's meticulous accounting explanation, there is only one theme necessary for a chairman; gratitude.

I know I speak for all of us here, and the many athletes and parents with whom we work every year, when I express sincere and heartfelt thanks for the tremendous job undertaken by the aforementioned gentlemen.

This association continues to flourish through the passion and enthusiasm engendered. We are indebted to everyone who supports us, whatever their role. It is an absolute pleasure and an incredible privilege to be SSAA chairman...thank you.

Jane Yandell
